9<sup>th</sup> December, 2014

Dear Shri Kumar,

It has come to the notice of this Ministry through an article in newspaper about the initiative of the people of Nongbah Myrdon village in the State of Meghalaya where the village through a consensus-decision has agreed to provide land free of cost for the establishment of Rural Technology Park and Livelihood Promotion Centre. This is indicate of the dedication and commitment of the village leaders, the community and also the officials of the State Government of Meghalaya.

2. This effort depicts that the development of Rural Areas through combined efforts and initiative of the people living in rural areas and Government can be highly rewarding.

3. I appreciate the initiative of Government of Meghalaya and the people of Nongbah Myrdon village in taking forward the objective of this Ministry of developing self-sustained rural areas. I hope that this initiative by the people of Nongbah Myrdon village would set an example and motivate the other villages in the country in a major way for ensuring development of rural areas. I assure you all possible support and cooperation of the Ministry in all such efforts for development of rural areas in the State.

With regards,

Yours sincerely,

Secretary RD
