DO # M-11011/01/2016-RH

March 4, 2016

Dear

In order to achieve the objective of "Housing for All" by 2022 the management of the Rural Housing programme is being fully moved to an electronic platform. During 2015-16 all new sanctions and the monitoring of IAY was through AwaasSoft. Further, a mobile app version has recently been developed and its use has begun. Let me thank you and your team for managing the shift successfully.

2. From the 1st April, all activities will have to move on to this platform. Further, the mobile app has to be used for data inputs into the software. All fund releases and monitoring have to be necessarily done through the electronic platform, which means that, fund releases will be based only on the data available through AwaasSoft.

3. For this to happen it is essential that all parameters are captured on AwaasSoft from this year itself. Now, in spite of significant progress, data relating to completion of houses lags behind actual accomplishment on ground.

4. If this continues, fund flow to your State would be affected. Therefore I request you to launch a special drive to complete the data entry by 31st March itself so that from 1st April all transactions including pending payments to the beneficiaries can be done electronically through AwaasSoft.

o/c

Yours sincerely,

[S M Vijayanand]

All State Secretaries incharge of Rural Housing
