D.O.No. J-11060/1/2013-RH(A/C)

Dt. the 11<sup>th</sup> December, 2013

As you are aware, a Management Information System (MIS) – Awaasoft was launched in July,2010 with a view to monitor beneficiary-wise IAY progress on-line. All the field units i.e. Districts, Blocks and GPs, implementing Indira Awaas Yojana scheme are required to upload IAY data on MIS on daily basis initiating the process from sanction, moving on to release of instalments, completion as well as uploading of photographs in different stages of construction. However, though training programmes including training of trainers (ToT) are being held from time to time and funds for administrative expenses have also been provided to the DRDAs from this year, the progress of uploading data on MIS is not encouraging. It is noticed that there is a wide gap between the data uploaded on MIS – Awaasoft and the hard copies of MPRs showing IAY progress sent by some States or even the IAY progress reported on the Ministry's website as part of Bharat Nirman. As a result the true picture of the progress made under IAY is not getting reflected.

2. I would, therefore, request you to kindly advise the concerned officers at field level that while they may continue to upload the IAY progress data on MIS – Awaasoft on daily basis in all the fields, they may also send Monthly Progress Reports through hard copies regularly to enable us to cross check the data uploaded on MIS and to add progress as per MPRs in case there is shortfall on MIS as compared to the figures given in the MPRs till 100% data is uploaded on MIS.

3. I would at the same time request you to continue use of Awaasoft at all levels and try to switch over to reporting on Awaasoft as this will enable States to effectively monitor flow of funds and implementation as well. Secretary will review the progress of uploading on Awaasoft in February, 2014.

Yours sincerely,

  
( Vijaya Srivastava )
